## Actualizing Ideals

As I walk the halls of Carver and visit classes, I find it remarkable that with almost 100 additional students the tone seems very productive in each classroom. I observe a great working atmosphere, not one of complete quiet but one of focus and industriousness.

I also see the ideals of the new BC Education 21<sup>st</sup> Century curriculum actively developing, particularly the element of student-directed/teacher-facilitated learning; this is very much in the forefront. After attending a Ministry Inspectors' meeting, I can confidently report that Carver is where we would be expected to be at this point in the trajectory of implementation of the new curriculum.

As we plan toward future transitions, we appreciate your support as parents and the ways you enable our learning community through service, financial support and, most especially, prayer.

Paul Tigchelaar  
 Principal
